REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Jaffrey:

I herewith submit to you my seventh annual report, this being the sixteenth under district supervision.

The total enrollment for all the schools this year is 461 as compared with 471 during the first term of last year. The enrollment of the high school is 59 for the present year; last year it was 69. Nineteen pupils entered the freshman class from the thirty-one who completed the eighth grade last June.

We had hoped that at least twenty-five would enter from this class which has maintained a high average of scholarship throughout the grades. Practically all the pupils who failed to enter the high school in September entered some form of employment, and as business conditions in town were better than the previous year a larger number of eighth grade graduates were affected. It is to be regretted that a larger percentage of the graduates of the elementary schools do not take advantage of the excellent opportunities offered in the Conant High School.

Three of the high school teachers gave up their positions at the close of the last school year. Mr. James P. Carroll, who had rendered faithful service as a teacher of French and English for the past three years gave up his work in this school to pursue his advanced studies. He was succeeded by Miss Marjorie L. Hartford, a graduate of New Hampshire University.

Miss Gertrude E. Barry, for two years at the head of the English and history department, accepted a better paying position in Massachusetts and Miss Alice P. Phinney, a graduate of Wheaton College, was secured in her place.

Miss Alice W. Place, teacher of Domestic Arts, withdrew to accept a position nearer home and was succeeded by Miss Esther M. Todd, a graduate of Keene Normal School.

Miss Winship, teacher of grades five and six gave up school work and was married at the close of the school year and Miss Mildred Lowe, a Keene graduate, has been placed in charge of these grades.

Miss Emily Wood, also a Keene graduate, was elected to succeed Mrs. Georgia L. Eaves who substituted in grade six during the last term.

In the primary school there were three changes at the opening of the school year. Miss Sarah L. Jennings, who had taught in our schools for six years declined a re-election, and she was succeeded by Miss Mary E. McGrath, a Keene graduate who had taught two years in East Rindge. Miss Emily J. Gove also declined her re-election and her place was filled by Miss Agnes E. Record, a Keene graduate. Miss Harriette Rowe, teacher of grades one and two for three years gave up her position and was succeeded by Miss Evelyn Evans, also a Keene graduate. Mrs. Ethel P. Deschenes, who had previously taught three years in grade three took charge of grade one in March, 1924, and her services were secured for another year in this grade.

In district No. 4 an arrangement was made with Keene Normal School for a series of teachers under the supervision of their special rural supervisor who are to spend nine weeks each in this school. Similar arrangements have been made with the Normal school in a number of rural schools throughout Cheshire County. In this school Miss Mabel Sturtevant taught the first nine weeks, Miss Bruna Farinoli the second nine weeks, and Miss Cynthia Shaw is at present teaching in this school.

The evening school has been carried on with about the same enrollment as last year. The number required by law to attend is smaller than it has been at any time since

the compulsory attendance law between 16 and 21 was enacted, but the number attending have been giving careful attention to the work. In addition to those taking the elementary subjects and the commercial work a group of former eighth grade pupils who were unable to attend high school have formed a class for advanced study in American history.

During the summer vacation the fence bordering on the high school grounds was repaired and locks complying with the new law relating to school buildings were installed in the wooden building and Union Hall.

For the coming year an appropriation should be made for the painting of the primary building, and a new floor should be laid in the lower corridor, and some provision should be made to make the fire escape more satisfactory. The sash in the high school building should also be painted if it is to be kept in proper repair.

During the school year a careful examination of the pupils in the schools was made by the school nurse and the physical welfare of all pupils has been considered.

During the last school year Mr. Jules C. Durant, one of the most distinguished citizens of Jaffrey passed away, leaving to the Conant High School and to the Clay Library a handsome income from his estate. Just when this income will be available for school purposes is not certain so the estimates for high school expenses for the coming year have been made on the same basis as last year.

I believe that at the high school some suitable tablet should be erected in memory of Mr. Durant, who, not having the opportunity of securing a high school education himself, was so thoughtful of and generous to the boys and girls of Jaffrey.

The helpful assistance of the Parent-Teacher Association during the past year made possible playground supervision during the summer vacation under the charge of Miss Evelyn Evans, and one evening each week throughout the summer Mrs. Labonte gave her services in teaching basketry at the high school building. A good number of pupils took advantage of this work.

In accordance with the vote of the last town meeting land was secured and a bath house erected at Contoocook Lake. Mr. Urquhart was placed in charge of the bath house by the selectmen and the Parent-Teacher Association secured Miss Katherine Hammill to teach swimming to the girls, and Mr. Moses of the camp at the Country Club gave instruction to the boys.

For the school year beginning July 1, 1925, the appropriations should be about the same as last year except that a larger amount will be needed for the repairs already mentioned and a suitable increase should be provided for retaining the services of our trained and experienced teachers. The salary basis for teachers adopted for the school year 1920-21 has not been materially changed since that time. In fact the total salaries paid for the present year is less than during the school year 1921-22 when practically half the teaching force had only a partial training, while at the present time practically all our teachers are college or normal school graduates.

The school work of the present year both in the grades and in the high school has been very satisfactory. At the close of the first eighteen weeks there were twenty-seven pupils in the Conant High school with a general average of over 85%, thirteen of the present senior class being in this list. This is a very creditable showing and demonstrates that there is an active interest in the work of the school.

In closing I desire to thank the school board, teachers, pupils, parents and all interested citizens for their loyal co-operation in the work of our schools.

Very truly yours,

LEWIS S. RECORD,
Superintendent of Schools.

REPORT OF THE BOARD OF HEALTH

In sending this report, we wish to state last year a sewer system in K. K. Village seemed very important, as most of the contagious diseases that occurred were in that vicinity. Therefore there were five hundred feet of tile pipe put in. Then there was a private line already built which was bought by paying for the cost of pipe. This year there has been added about four hundred feet more, most of the work being done by home owners, the town paying for the pipe. As a result we have a sewer line from the upper end to the stream in the lower end of the village. It may be necessary in the future to install a septic tank at the outlet of the sewer. The septic tank on Peterboro street is working at the present time and if people that are connected with the sewer system will abstain from putting rags into the water closets, think there will be no trouble. That has caused trouble in the past. It is an expensive job for the town to clean out the tank and hard to get men to do it.

We have had several cases of Scarlet Fever, all light; also a number of Diphtheria cases; two deaths which, if a doctor had been called in season, might not have happened. If parents, when a child is sick, and don't know the cause, would call a doctor before death is near, would save suffering and sorrow.

In closing, I wish to thank the people for the ready response to the welfare of the Health Department.

(Signed) HARLAN F. HODGE,

Health Officer.
